

AMENDMENTS TO THE SPECIFICATION

In the Specification, at paragraph [0039], please make the following amendment:

[0039] FIGURE 9 depicts sensor device 900 according to one representative embodiment. Sensor device 900 includes one or several sensors 901. Sensor device 900 further includes wireless communication subsystem 902 such as an IEEE 802.11b subsystem, a Bluetooth subsystem, and/or the like. Sensor device ~~903~~ 900 further includes processor 903. Sensor device 900 includes non-volatile memory 904 (that may be implemented using any suitable computer readable medium/media) to store measurement data 905 and other pertinent information.
